Warranty Agreement for DECchip Evaluation Board Kits

Digital warrants that Digital products accompanied by this limited warranty are free from defects in material and workmanship for a period of 90 days from the date of original purchase from Digital or an authorized reseller and/or distributor.

The warranty accompanying this product is a return-to-factory limited warranty and is not serviceable by the Digital Customer Services organization. Parts, labor and return shipment are at the customer returnable unit level (CRU=whole unit).

During the term of this warranty, Digital will, at its option, repair or replace any defective parts of the Digital products purchased under this warranty at no additional charge.

Warranty Claim Requirements

Purchaser claims made pursuant to this warranty must conform to the following requirements:

- Installation of this product is the sole responsibility of the Purchaser.
- Fault diagnosis and equipment disassembly is the sole responsibility of the Purchaser.
- The Purchaser shall properly package and prepay transportation cost of the CRU sent to Digital.
- The Purchaser assumes all risk of loss or damage to CRU in transit to Digital.

Disclaimers

The limited warranty does not apply to any Digital products that have been damaged as a result of accident, misuse, or abuse; by the use of parts not manufactured or sold by Digital; by modification without written permission from Digital; or as a result of service by anyone other than Digital.

Except as expressly set forth above, Digital makes no other warranties, expressed or implied, including, but not limited to, any implied warranties of merchantability and fitness for purpose; and Digital expressly disclaims all warranties not stated herein. In the event that products are not free from defect as warrantied above, the Purchaser's sole remedy shall be repair or replacement as described above. Under no circumstances will Digital be liable to the Purchaser, or to any user, for any damages, expenses, lost profits, lost savings, damage to or replacement of equipment and property, costs of recovering, reprogramming, or reproducing any program or data stored in or used with the products, or other damages arising from the use or inability to use the Digital product.

Registration Card

If you would like to receive update information about the hardware and software for the DECchip Evaluation Board Kit, please complete and detach this card, and return it to us.

How to Make a Warranty Claim

1. Contact the Customer Marketing Engineer (CME) for your geographic location, or call the following U.S.-based numbers:

   In the U.S. and Canada **1-800-332-2717**

   Outside the U.S. **1-508-568-6868**

2. Provide the following information:

   - Product part number
   - Invoice number
   - Date of purchase
   - Your name and address
   - Brief description of product problem

You will be issued a Return Authorization Number and packing and shipping instructions.

Coverage of Products Not Under Warranty

In the event of damage or malfunction to your Digital product after the warranty period has expired, Digital will provide repair or replacement as described previously. You will be assessed a fee for the labor and material required to repair your CRU. Please call the previously listed phone numbers for more information.

Note
Please do not contact your Digital Customer Services technician for repair of this product.
For faster service, use the process outlined above.
